NEW DELHI: Indian Institute of Management (IIM) Jammu along with All India Institute of Medical Sciences (AIIMS) Jammu and Research Foundation of Hospital & Healthcare Administration (RFHHA) organised a joint programme titled, Healthcare Executive Management Development Programme (HxMDP).

HxMDP is a week-long residential program being conducted from September 18 to September 23, 2023. The program has 46 participants from across the country and the features top medical professionals.

The programme is being held on domains such as human resources, strategic planning in hospitals, hospital services and operations, healthcare communication, healthcare technology, safety, quality and accreditation, healthcare ethics and law, materials and supply chain management, population, health and pandemics, hospital facilities planning and designing, gen next healthcare.

Speaking on the occasion, Professor Shakti Gupta, Executive Director, AIIMS Jammu said, “Medical Administrators are often appointed to leadership roles by virtue of their expertise and eminence in clinical domains, but the need for the development of core competencies related to the administrative skills of their roles is most often overlooked. Formal Management training generally is not a part of the career progression, even though knowledge in the domains of human resources, legal and ethical issues, equipment management, financial management, hospital operations, hospital performance, quality, and patient safety, etc., is required to the success of healthcare organizations and systems. This program is sure to address such needs and is sure to upskill and contribute to the overall development and progress of healthcare in India. I would like to let you know that Jammu is the only city with three institutions of national importance: IIM, IIT, and AIIMS.”

HxMDP addresses the learning needs of medical professionals in leadership roles in the public and private sectors, like Facility Directors, Directors of Health Services, Medical Superintendents, Directors/ Principals of teaching / tertiary care hospitals, etc. The inaugural ceremony ended positively with a promise to create new milestones in the healthcare domain.

Healthcare Executive Management Development Programme commences at IIM Jammu

GJ REPORT

JAMMU, SEP 17: The "Healthcare Executive Management Development Programme (HxMDP)" was organized by the Indian Institute of Management (IIM) Jammu, in collaboration with the All-India Institute of Medical Sciences (AIIMS) Jammu and the Research Foundation of Hospital & Healthcare Administration (RFHHA). The program aimed to provide management training to healthcare and hospital administrators.

The inaugural programme took place at Taj Vivanta, Jammu, and was attended by dignitaries, including V Srinivasa Rao, IAS, Director General National Centre for Good Governance, who joined virtually, Prof. B.S. Sahay, Director of IIM Jammu, and Prof. (Dr.) Shakti Gupta, Executive Director of AIIMS Jammu, among others. The program, which ran from September 18th to

Director IIM, Prof. B.S. Sahay lighting the ceremonial lamp at Jammu.

September 23rd, 2023, featured 46 participants from across the country, including healthcare and hospital administrators.

In his welcome address, Prof. (Dr.) Shakti Gupta emphasized the importance of developing core competencies related to administrative skills for medical administrators, as they are often appointed to leadership roles based on their clinical expertise. He noted that formal management

training is often lacking in their career progression, despite the need for knowledge in areas such as human resources, legal and ethical issues, financial management, and more.

Prof. B.S. Sahay highlighted the significance of the HxMDP in addressing the knowledge gap for healthcare administrators by providing comprehensive learning in management concepts and contemporary tools and techniques. He

explained that the impact of COVID-19 played a role in initiating this collaborative program between IIM Jammu and AIIMS Jammu.

Guest of Honour V Srinivasa Rao stressed the importance of simplifying and digitizing processes and tasks in hospital administration. He encouraged participants to explore how technology can be adopted in healthcare governance models and discussed the benefits of technology adoption in the healthcare sector.

The HxMDP was designed as an HR intervention to enhance the skillsets of professionals in leadership roles in the healthcare sector. It aimed to address the learning needs of medical professionals in leadership roles, such as Facility Directors, Directors of Health Services, Medical Superintendents, and more, by offering problem-based learning, case methods, and experience sharing among participants and faculty.

IIM Jammu, AIIMS Jammu, RFHHA jointly organize HxMDP

STATE TIMES NEWS

JAMMU: The Healthcare Executive Management Development Programme (HxMDP) organized jointly by IIM Jammu, AIIMS Jammu, and RFHHA began with a grand inaugural ceremony held at Taj Vivanta, Jammu. The HxMDP is a week-long residential programme from the September 18 to 23, 2023.

The program aims to enhance the skills and competencies of healthcare and hospital administrators across the country.

The inaugural ceremony featured prominent guests, including V Srinivasa Rao, Secretary to the Government of India, Prof. B.S. Sahay, Director of IIM Jammu, Prof. (Dr.) Shakti Gupta, Executive Director of AIIMS Jammu, Dr. Ateeque Shaikh and Dr. Harsha Jariwala, Programme Directors, Lt. General (Dr.) Sunil Kant, Medical Superintendent of AIIMS Jammu, and Dr.

Prof. (Dr.) Shakti Gupta, Executive Director of AIIMS Jammu lighting ceremonial lamp.

Pranay Mahajan from AIIMS Jammu.

The ceremony began with the dignitaries lighting a lamp to symbolize the commencement of the HxMDP programme.

Prof. (Dr.) Shakti Gupta highlighted the importance of developing core administrative competencies among medical administrators.

He emphasized that formal management training is often missing from their career progression, despite the need for skills related to human resources, legal and ethical issues, financial man-

agement, and more in healthcare leadership roles.

Prof. B.S. Sahay mentioned that the HxMDP programme is a collaborative effort aimed at filling the knowledge gap for healthcare administrators. He also noted that the impact of COVID-19 played a significant role in the initiation of this program. Guest of Honour V Srinivasa Rao stressed the importance of simplifying and digitizing processes in healthcare administration. He encouraged participants to adopt technological advancements and

modernize healthcare facilities. He highlighted the benefits of technology in healthcare.

HxMDP is designed as an HR intervention to enhance leadership skills through problem-based learning, case studies, and experience sharing. It targets medical professionals in leadership roles in both the public and private sectors.

The inaugural ceremony concluded with a commitment to making significant strides in the healthcare domain through this programme.

This joint effort between IIM Jammu, AIIMS Jammu, and RFHHA reflects a commitment to improving healthcare administration in India by providing comprehensive management training to healthcare professionals.

The HxMDP program is expected to contribute to the overall development and progress of the healthcare sector in the country.
